# Scale Tamer

Heavy Duty Acid For De-Liming,  
De-Scaling Kitchen Equipment  
Fragrance Free

# Scale Tamer

## Where to Use

SCALE TAMER will remove lime scale, hard water film, alkaline residues and milk-stone from stainless steel dishwashing machines, steam tables, dish tables, drain-boards, coffee urns, and other stainless steel surfaces. A breakthrough in cleaning technology. This powerful cleaner harnesses the cleaning power of a traditional hydrochloric acid cleaner with unique ingredients to 'tame' the potential harm to both product users and surfaces. This results in a safer and odourless product that is highly effective for descaling and cleaning.

## Benefits

- Highly effective product for cleaning, descaling, derusting and polishing.
- Safer and more pleasant to use than hydrochloric or phosphoric acid based delimers.
- Effective removal of soap scum, oils and other soils.
- Eliminates 'fuming' of traditional hydrochloric acid products.
- Reduces cleaning time.
- Effective cleaning action even in hard water conditions.
- Doesn't corrode many materials that traditional hydrochloric cleaners do.
- Fragrance Free.
- No nonyl phenol ethoxylates, glycol ethers, phosphates.
- Certified Kosher.

## Directions for Use

Rubber gloves recommended if product may contact hands. Always add SCALE TAMER to water, never add water to the concentrated product.

**General Lime Control:** Add 13ml. of SCALE TAMER per litre of water (50ml per 3.8 Litres of water). Allow areas of heavy lime deposit to soak for several minutes then brush surface. Do not allow large pieces to clog drain.

Rinse food contact surfaces with potable water.

**Dishwashing Machines:** Drain, flush and clean out. Never add SCALE TAMER to machines containing detergents. Fill tanks with hot water. Add 50ml of SCALE TAMER per litre water (190ml Per 3.8 Litres). Turn on pumps until lime is dissolved or can be brushed away.

Drain tanks and flush with potable water.

## Distributor Contact Info

Properties	
Color	Green
Fragrance	Mild
VOC's EPA Method 24 (% by weight)	0%
pH (concentrated)	2-2.5

Available Package Sizes	Package Code	
12x946 ml case	#11258489 	
4x3.8 litre case	#11258439
